**Board Policies Covering All Certificated Employees Not In A Bargaining Unit**

**Board Policy No. 4152: LEAVES OF ABSENCE**

- A. The leaves herein are granted in compliance with the minimum requirements of the Education Code. Unless the number of days of leave set forth in this Board Policy is greater than the minimums set forth in the Education Code, only the minimums in the Education Code are granted.
- B. The leaves included under provision D are leaves that must be granted by the District as long as all express conditions are satisfied. The leaves under provision E are leaves that may be granted within the sole discretion of the District.
- C. The Superintendent has the authority of the District to approve verifications of leaves or make final decisions on leaves concerning all certificated employees. The Board has the authority to approve verifications of leaves or make final decisions on leaves by the Superintendent.
- D. Sick Leave (Education Code section 44978)
1. Every certificated employee employed five (5) days a week by the District and twelve months per year (full-time) shall be entitled to twelve (12) days' leave of absence for illness or injury, exclusive of all days he is not required to render service to the District, with full pay for a school year of service. A certificated employee employed for less than five (5) school days a week and/or less than twelve months per year shall be entitled to a proportional amount of leave of absence for illness or injury; pay for any day of such absence shall be the same as the pay which would have been received had the employee served during the day. Credit for leave of absence need not be accrued prior to taking such leave by the employee and such leave of absence may be taken at any time during the school year. If such employee does not take the full amount of leave allowed in any school year under this provision, the amount not taken shall be accumulated from year to year.
  2. Any employee shall have the right to utilize sick leave provided for in this provision and the benefit provided by the provision of extended illness leave for absences necessitated by pregnancy, miscarriage, childbirth, and recovery therefrom.
- E. Extended Sick Leave (Education Code sections 44977 and 44978.1)
1. During each school year, when a certificated employee has exhausted all available

sick leave, including all accumulated sick leave, and continues to be absent from his or her duties on account of illness or accident for an additional period of five school months, whether or not the absence arises out of or in the course of employment, the amount deducted from the salary due him or her for any of the additional five months in which the absence occurs shall not exceed the sum that is actually paid a substitute employee employed to fill his or her position during his or her absence or, if no substitute employee was employed, the amount that would have been paid to the substitute had he or she been employed.

2. For purposes of this provision sick leave, including accumulated sick leave, and the five-month period shall run consecutively. An employee shall not be provided more than one five-month period per illness or accident. However, if a school year terminates before the five-month period is exhausted, the employee may take the balance of the five-month period in a subsequent school year. No other paid or partial paid illness or accident leave shall be granted by the District.
3. When a certificated employee has exhausted all available sick leave, including accumulated sick leave, and continues to be absent on account of illness or accident for a period beyond the five-month period provided immediately above, and the certificated employee is not medically able to resume the duties of his or her position, the certificated employee shall no longer be employed by the District but shall be placed on a reemployment list for a period of 24 months if the employee is on probationary status, or for a period of 39 months if the employee is on permanent status. The 24-month or 39-month period shall commence at the expiration of the five-month period of partial paid sick leave.
4. When the certificated employee is medically able, as determined by a physician selected or agreed to by the District, during the 24-month or 39-month period, the employee shall be returned to employment in a position for which he or she is credentialed and qualified. If the employee does not return to work during the 24-month or 39-month period, the employee shall be taken off the reemployment list and shall lose all reemployment rights to the District.

F. Pregnancy Leave (Education Code section 44965)

1. A certificated employee shall have the right to utilize sick leave provided for in this Policy for her absences necessitated by her pregnancy, miscarriage, childbirth, and recovery therefrom.
2. A certificated employee who is required to be absent from duty because she is pregnant or has miscarried or has given birth is entitled to an unpaid leave of absence. The length of absence, including the date on which the leave shall commence and the date on which the employee shall resume duties, shall be determined by the employee and the employee's physician. Disabilities caused or contributed to by pregnancies, miscarriages, childbirth, and recovery therefrom

are, for all job-related purposes, temporary disabilities and shall be treated as such under any health or temporary disability insurance or sick leave plan. Leaves of absence for disabilities caused or contributed to by pregnancy, miscarriage, or childbirth shall be paid leaves of absence to the same extent as leaves for illness, injury, or disabilities.

G. Industrial Accident And Illness Leave (Education Code section 44984)

The District specifically limits its liability to the minimum requirements mandated by Education Code section 44984.

1. Such leave shall not exceed sixty (60) working days in any one fiscal year for the same accident.
2. Allowable leave shall not be accumulative from year to year.
3. Industrial accident or illness leave will commence on first day of absence.
4. Payment for wages lost on any day shall not, when added to an award granted the employee under the workers' compensation laws of this State, exceed the normal wages for the day.
5. Industrial accident leave will be reduced by one day for each day of authorized absence regardless of a compensation award made under workers' compensation.
6. When an industrial accident or illness occurs at a time when the full sixty (60) days will overlap into the next fiscal year, the employee shall be entitled to only that amount remaining at the end of the fiscal year in which the injury or illness occurred, for the same illness or injury.
7. When entitlement to industrial accident or illness leave has been exhausted, entitlement to other statutory sick leave will then be used; but if an employee is receiving workers' compensation, the employee shall be entitled to use only so much of the accumulated or available sick leave, accumulated compensation time, vacation or other available leave which, when added to the workers' compensation award, provide for a full day's wage or salary.
8. Any employee receiving benefits as a result of this section shall, during periods of injury or illness, remain within the State of California unless the District authorized travel outside the state.

No deduction shall be made from the salary of such employee nor shall such leave be deducted from other leaves.

Members of the immediate family, as used in this section, means the mother, father, grandmother, grandfather, or a grandchild of the employee or the spouse of the employee, and the spouse, son, son-in-law, daughter, daughter-in-law, mother-in-law, father-in-law, brother, or sister of the employee, or any relative living in the immediate household of the employee.
